Assemble the Purse Base

1. Cut and score Cloud Cover Cardstock.
Score in 4 1/2" from both ends of the 12" side (as shown by the blue arrows). Score in 1 1/4", 2 1/2" & 2 3/4" along the 11 1/2" side (as shown by the green arrows). Score along the dotted lines, cut along the red lines, and cut out and discard the shaded gray rectangles.
2. Fold along the score lines.
Note On the middle flaps you only want to fold along the inner score line – do not fold along the outer score line (although if you do, it's not a critical mistake).

LOVELY BLOSSOMS CLASS

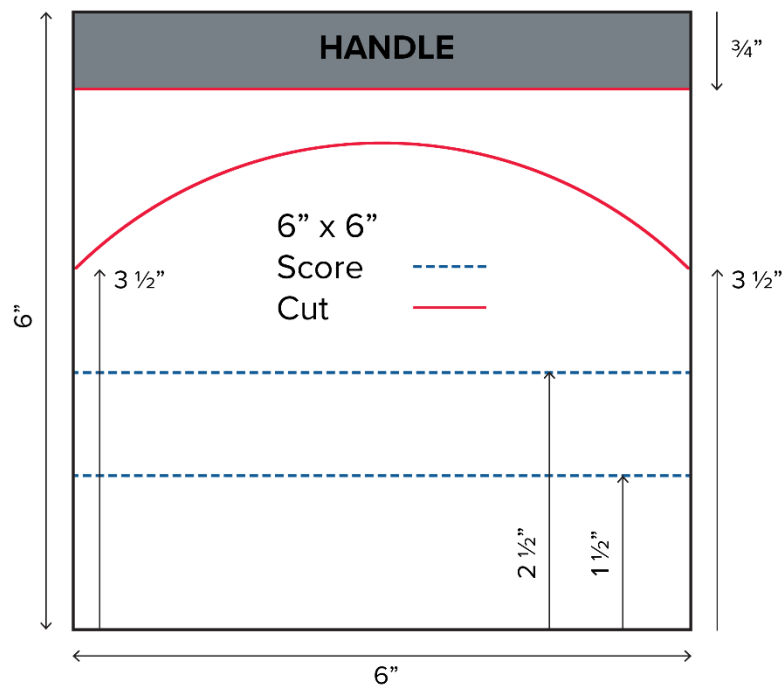

This is a close-up of the top flaps to give you a better picture of what it is supposed to look like. Set your purse base aside for a moment.

LOVELY BLOSSOMS CLASS

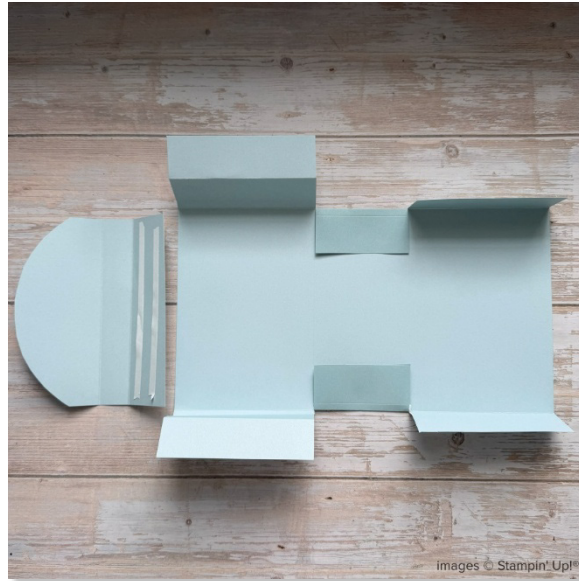

Create the Purse Top

1. Take your 6" x 6" piece of CS and score it at 1 1/2" and 2 1/2".
2. Make two pencil marks at 3 1/2" on the left and right edges. You will now need a circle shape that is about 8 1/2" in diameter (e.g. plate or container lid). Align the top outer edge of the circle with the 3 1/2" pencil marks you created. Trace the half circle; this will be the shaping of your purse flap.
3. Trim a 3/4" x 6" strip off the top of your CS piece
4. Fold along your score lines and then cut along the curved line you drew.
5. Repeat these last 3 steps with Designer Series Paper if you wish to add a design to the purse top. Adhere to the cardstock purse top.

LOVELY BLOSSOMS CLASS

Combine the Base and Top

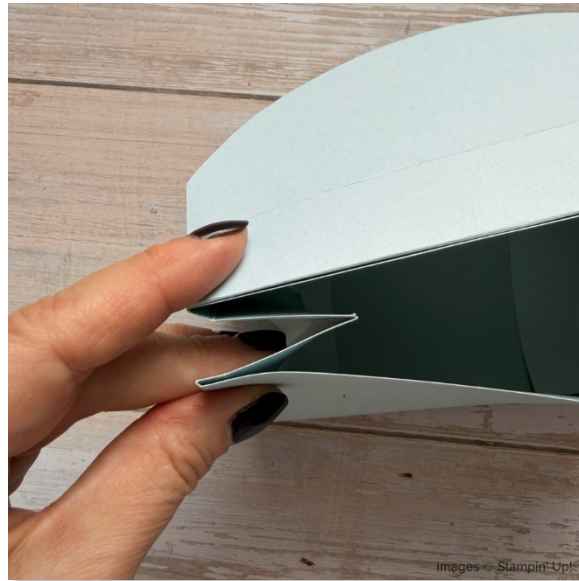

6. Place a small piece of Tear & Tape or use multipurpose adhesive on the inside of the middle flaps. Adhere to the center panel.
7. Place adhesive along the outer edge of the purse top and just below the first fold line.
8. Stick the purse base to the purse top. You want to line up the top edge of the purse base just inside the score line of the bottom flap of the purse top piece.
9. Flip your purse over. Adhere the DSP layer to the Secret Sea Cardstock Layer. Adhere to the bottom center flap (the portion of the box between the bottom flaps).

LOVELY BLOSSOMS CLASS

10. Flip your purse back over. Place Tear & Tape or Multipurpose adhesive on the bottom flaps along the outer and inner edges of the flaps.
11. Peel off the tear & tape backing or use the Multipurpose adhesive on one bottom flap at a time and stick to the OUTSIDE of the top flaps. Repeat on the other side.

12. To close the purse, you are going to need to pinch the sides of the box together. The 1 ¼" and 2 ½" score lines will be folded towards the inside.
13. Add Velcro circles to create the purse closure.

Decorate the Purse

1. Hand-cut the floral accent from the cut-apart sheet and adhere to the center of the purse flap with Dimensionals.
2. Stamp the 'Just a Note' sentiment on Secret Sea Cardstock using Versamark Ink. Cover with white embossing powder and heat. Die cut with the skinny rectangle die. Add over the floral accent using Dimensionals.
3. Take a short length of White Baker's Twine and tie a bow. Attach with a Mini Glue Dot.
4. Finish with Cloud Cover Moody Palette Dots.

Add the Handle

1. Take the ¾" x 6" piece of Two-Tone Cloud Cover Cardstock and score it in ¾" on each side
2. Using a pencil measure ½" in on either side of the top of the purse and make a light mark. Place a small piece of adhesive on both ends of the handle flaps and secure the handle flaps to the purse top centering over the pencil marks.
3. Embellish with two Moody Palette Glossy Dots, to resemble buttons holding the handle.

LOVELY BLOSSOMS CLASS

2. *Optional*
