You can ink distress the edge of any of the papers after cutting to give a dimensional look and add a visual break between the patterned papers.

EMBELLISHMENTS

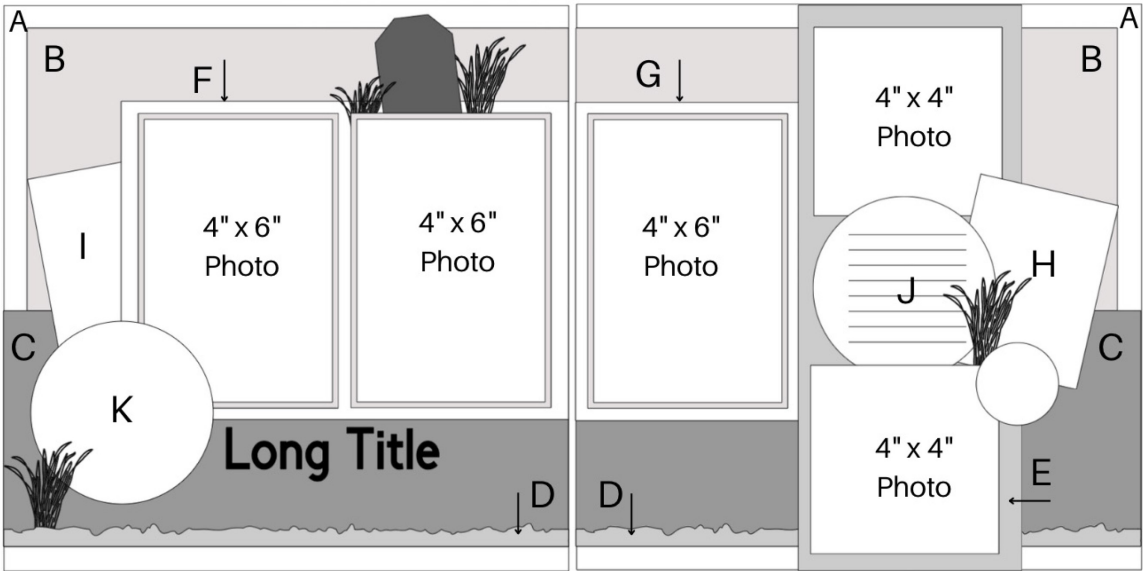

1. Cut 10 cattails from Mossy Meadow Cardstock and 10 cattails tips from Pecan Pie Cardstock. Trim the stems from the Pecan Pie cattails and adhere to the Mossy Meadow base pieces.
2. Fussy cut one set of paddles and one life jacket from the Designer Series Paper.
3. Die cut an Adirondack chair from Crumb Cake Cardstock using the die from the Relaxing Waterside Dies and add Pecan Pie Classic Stampin' Ink™ using a Blending Brush.
4. Stamp the book and coffee cup images from the Relaxing Waterside Photopolymer Stamp Set on White Willow Cardstock using the black ink of your choice. Color the coffee cup with Cajun Craze Stampin' Blends and the book with Azure Afternoon Stampin' Blends. Cut out both images with the coordinating dies.
5. Add Azure Afternoon Ink to the large White Willow die-cut circle using a Blending Brush.
6. Use the mountain lake scene cut-apart from the DSP and die cut desired scene using the medium circle die from the Spotlight on Nature Dies (or another circle die approximately 2 3/4" wide). Position the circle in the upper right-hand corner of the scene to keep more of the bottom section of the same card. It should yield a piece approximately 4 3/4" x 3/4" (you will use the reverse blue and white striped side).
7. Cut the journaling card from the cut-apart DSP sheet.
8. Cut 'Fresh Fish' card from the DSP cut-apart sheet. Punch a hole with the 1/8" hole punch from the Hole Punch Assortment to create a tag and attach a loop of Gray Granite Baker's Twine.
9. Stamp the 'days well spent' sentiment with Cajun Craze ink on White Willow Cardstock. Trim to a small rectangle.

ASSEMBLY

1. Begin with two 12" x 12" sheets of Misty Moonlight Two-Toned Cardstock.
2. Layer the 11 ½" x 11" pieces of White Willow Cardstock in the center of each layout page, leaving a Misty Moonlight border around the top, outer edges, and bottom.
3. Layer piece E (11 ½" x 3 ¼" strip of fish patterned DSP) across the bottom section of the White Willow Cardstock.
4. Add piece D (11 ½" x ¼" strip of Mossy Meadow Cardstock) directly above the fish patterned DSP.
5. Adhere piece C (11 ½" x 2" strip of wave patterned DSP) on top of the Mossy Meadow layer.
6. Using a Blending Brush, add Azure Afternoon Ink to the background area behind the suggested title placement, as well as behind the embellishment cluster in the upper corner of the right-hand page.
7. Add Gray Granite photo mats as shown.
8. Layer the dock scene cut-apart card underneath the photos, folding the upper left corner to reveal the blue striped patterned paper beneath.
9. Using the Stampin' Positioner, stamp the title directly onto the White Willow Cardstock above the 4" x 6" photo using Pecan Pie Ink. Alternatively, substitute a title of your choice using the Mini Alphabet Dies.
10. Adhere three cattail clusters to open area to the left side of the title as shown.
11. Position the large White Willow die-cut circle (G).
Pro tip: do not apply adhesive to the areas that will overlap with your photo mat so that you may slide your photo underneath the circle.
12. Adhere the Adirondack chair, book, coffee cup, and two cattail clusters onto the White Willow die-cut circle.
13. Adhere a group of another three cattail clusters at the top left corner of the 6" x 4" photo mat on the right-hand page.
14. Adhere the 'Fresh Fish' tag.
15. On the lower left corner of the right-hand page, use Stampin' Dimensionals to adhere the 'days well spent' sentiment. Adhere two cattail clusters over the corner of the photo resting on sentiment.
16. Adhere a group of three cattail clusters at the top right corner of the bottom 6" x 4" photo on the right-hand page.
17. To create the embellishment cluster in the upper right-hand corner, layer your journaling tag, mountain lake scene die-cut circle, paddles, and life jacket. Secure a tangle of Gray Granite Baker's Twine to the reverse of the die-cut circle. Use Dimensionals to adhere the life jacket, so it sits comfortably over the tangled Baker's Twine.
18. Adhere the blue and white striped strip tucked under the top 6" x 4" photo, tucked under the die-cut circle.
