INSTRUCTIONS

1. Fold card base in half.
2. Emboss the Golden Glow cardstock layer with the Softly Woven 3D Embossing Folder. Adhere to card front.
3. Stamp the "hello, friend" sentiment from the Radiant Sunflower Photopolymer Stamp Set on Basic White Cardstock using Early Espresso Classic Stampin' Ink.
4. Cut out the sentiment using the rounded rectangle die from the Radiant Sunflower Dies.
5. Using a Blending Brush, add soft color to the die-cut sentiment label using Golden Glow ink. Add to the card front using Stampin' Dimensionals.
6. Stamp the sunflower and three single leaves from the Radiant Sunflower set on Basic White Cardstock using Early Espresso ink. Allow to dry.
7. Color the sunflower petals with Daffodil Delight and Golden Glow Stampin' Blends. Add shading to the petals using the Crushed Curry Watercolor Pencil.
8. Color the flower centers with Crumb Cake and Pecan Pie Stampin' Blends. Add shading around the flower centers using the Night of Navy Watercolor Pencil.
9. Add shading around the flower centers using the Night of Navy Watercolor Pencil. Go back over the shaded areas using the Light Daffodil Delight Stampin' Blend.
10. Add highlights to the flower centers using the White Gel Pen.
11. Color the leaves with Old Olive Stampin' Blends.

SUNFLOWER FIELDS CLASS

INSTRUCTIONS

1. Fold card base along score lines to create the H-fold card base. Burnish the folds with a Bone Folder.
2. Adhere the checkered pattern Designer Series Paper layers to the corresponding sections of the card base.
3. Adhere the Golden Glow Cardstock panel across the card front to support the H-fold shape: Place Mini Stampin' Dimensionals right at the edges of both of the short sides of the panel. Fold the left-hand side of the card base in but leave the right-hand side of the card base flat. Position the bottom edge of the panel just above the vertical center of the card with the short sides of the panel roughly at the middle of each of the outer scored sections. Adhere the panel to the outer scored sections. This means the card will fold flat to fit in a standard envelope and stand up in the H-shape.

4. Stamp three sunflowers and seven single leaves from the Radiant Sunflower set on Basic White Cardstock using Early Espresso ink. Allow to dry.
5. Color the sunflower petals with Daffodil Delight and Golden Glow Stampin' Blends. Add shading to the petals using the Crushed Curry Watercolor Pencil.
6. Color the flower centers with Crumb Cake and Pecan Pie Stampin' Blends. Add shading around the flower centers using the Night of Navy Watercolor Pencil.
7. Add shading around the flower centers using the Night of Navy Watercolor Pencil. Go back over the shaded areas using the Light Daffodil Delight Stampin' Blend.
8. Add highlights to the flower centers using the White Gel Pen.
9. Color the leaves with Old Olive Stampin' Blends.
10. Cut out the colored images using the coordinating dies from the Radiant Sunflower Dies.
11. Take a 12" length of Mossy Meadow & Very Vanilla ¼" (6.4 mm) Gingham Ribbon and tie in a large bow. Adhere to the left-hand side of the Golden Glow Cardstock panel a Mini Glue Dot.
12. Adhere the first die-cut sunflower to the right-hand side of the Golden Glow Cardstock panel using Multipurpose Liquid Glue.

13. Adhere the remaining two die-cut sunflowers to the Golden Glow Cardstock panel using Dimensionals.
14. Adhere the die-cut leaves using Mini Glue Dots, tucking them underneath the sunflowers and making sure the Golden Glow panel is hidden.
15. Stamp the “hello” portion of the “hello, friend” sentiment from the Radiant Sunflowers set on Golden Glow Cardstock using Early Espresso ink. Carefully cut out using Detail Scissors. Add to the card front using Dimensionals.
16. Finish with Golden Glow Radiant Gems.

SUNFLOWER FIELDS CLASS

INSTRUCTIONS

1. Fold card base to form the offset gatefold. The left-hand front panel will be wider than the right-hand front panel.
2. Adhere the Designer Series Paper layers to the corresponding sections of the card base.
3. Add Tear & Tape to the thin tab of the Early Espresso Cardstock panel. Remove the tape backing. Position the panel inside the card vertically centered, with the taped edge butting up against the score line for the left-hand front panel.

4. Fold over the left-hand front panel so that it adheres to the taped tab of the Early Espresso Cardstock panel.
5. Stamp the “wishing you so much happiness” sentiment from the Radiant Sunflowers Photopolymer Stamp Set on the Basic White Cardstock layer using Early Espresso ink. Stamp the sunflower from the same set over the sentiment using Golden Glow ink, stamping off first.
6. Place Tear & Tape along the top and bottom edges of the right-hand front panel and remove the tape backing. Fold the right-hand panel over to close, which will “trap” the right edge of the Early Espresso panel in the pocket created.
7. Using the rounded rectangle die from the Radiant Sunflower Dies, cut two rectangles from Basic White Cardstock. Add a thin line of Multipurpose Liquid Glue to the long edge of one of the rectangles and adhere the second rectangle to it to give you a double-sized label.
8. Take an 8” length of Mossy Meadow & Very Vanilla ¼” (6.4 mm) Gingham Ribbon and wrap around the double label to cover the join. Secure the ribbon at the left-hand edge using a Mini Glue Dot.
9. Using the dies from the Radiant Sunflower Dies, cut three small detailed sunflowers, three small sunflower centers, two large stems, and one vase from Basic White Cardstock.
10. Color the stems using Old Olive Stampin’ Blends. Add some shading using the Crushed Curry Watercolor Pencil (dry), then use the Light Old Olive Stampin’ Blend to blend.
11. Blend soft Golden Glow ink over the sunflower heads using a Blending Brush. Use the Crushed Curry pencil (dry) to add shading.

12. Add soft Early Espresso ink over the sunflower centers using a Blending Brush. Curve the centers by pushing them over the top of the pencil and adhere to the sunflower heads using Stampin' Dimensionals.
13. Add soft Golden Glow ink over the vase using a Blending Brush.
14. Adhere the vase towards the bottom of the label using Dimensionals. Add Dimensionals to the back of the leaves on the stems and tuck the stems into the vase. Add the sunflowers to the tops of the stems using Dimensionals.
15. Flick Wink of Stella over the label and sunflower arrangement.
16. Stamp the "enjoy" sentiment on Basic White Cardstock using Early Espresso ink. Add soft Golden Glow ink over the sentiment using a Blending Brush. Trim using Detail Scissors, cutting the right edge at an angle, and adhere to the label using Dimensionals.
17. Adhere the label to the left-hand front panel of the card using Dimensionals.
18. Take a 6" length of Linen Thread and tie in a bow. Adhere to the left-hand side of the label on top of the Gingham ribbon using a Mini Glue Dot.
19. Finish with Old Olive Radiant Gems (you can make the gems darker by coloring them with the Dark Old Olive Stampin' Blend if you wish).
